SUMMARY

Senior Software Engineer with around **6 years** of experience in building scalable mobile and web applications using TypeScript and modern JavaScript frameworks. Experienced in system design, REST API integration, state management, CI/CD, and performance optimization, with a strong track record of delivering high-quality, reliable software in **agile environments**.

CORE COMPETENCIES

Cross-Platform Development • Mobile Architecture • Reusable Components • State Management • Offline-First Apps • API Integration • CI/CD Automation • Performance Optimization • Component-Driven Development • Unit & E2E Testing • Release Management • Agile/Scrum

SKILL SET

Mobile & Frontend: React Native, Expo, React.js, TypeScript, JavaScript (ES6+), Next.js, Redux Toolkit, RTK Query, Zustand, React Navigation, Reanimated, Tailwind, i18n, CodePush/OTA, Performance Profiling, HTML/CSS, Firebase (Auth, Push Notifications, Deep Linking), Stripe Payment Gateway

Backend & Database: Node.js, Express, Nest.js, Prisma, SQLite, MongoDB, MMKV, REST APIs, GraphQL, JWT/OAuth, Firestore, Realm, Python, FastAPI

DevOps / Tools: GitHub Actions, EAS Workflows, Docker, Android Studio, Xcode, Jira, Bitbucket, Postman, Figma, Stripe, Fastlane, App Store Connect, Play Console, AWS (IAM, EC2, S3)

Testing: Jest, React Native Testing Library (RNTL), Detox, Maestro, Playwright, Unit Testing, E2E Testing, Flipper, Sentry, Firebase Crashlytics

WORK EXPERIENCE

GlobalLogic Pvt Ltd (A Hitachi Group Company)

December 31, 2025 – Present

Senior Software Engineer

Bangalore, India

- Led **AI-driven development initiatives**, reducing feature development time by 50% through automation and smarter workflows.
- Conducted **50+ code reviews/month**, improving code quality and reducing production bugs by **30%**.

QA (Quatred Arts Pvt. Ltd.)

June 16, 2025 – December 30, 2025

Front-End Developer

Kolkata, India

- Integrated **REST APIs** with proper state handling (loading, error, caching) using modern state management patterns.
- Improved application performance by **20%+** through optimization of code structure, API handling, and rendering strategies.

QA (Quantech Associates Pvt. Ltd. - formerly Quatred Advertising LLP)

February 5, 2024 – June 15, 2025

React Native Mobile Developer

Kolkata, India

- Developed **modular, reusable components** to reduce duplication and speed up delivery.
- Published mobile applications on **Apple App Store** and **Google Play Store**.

Unified Infotech Pvt. Ltd.

September 2, 2021 – February 2, 2024

Software Engineer L2

Kolkata, India (Remote)

- Built **clean, pixel-perfect UIs** for **Android, iOS, and web** using React Native and React JS.
- **Debugged and resolved critical production issues**, enhancing app stability and overall user experience.

Encoders Technology Pvt. Ltd.

December 20, 2020 – August 30, 2021

React Native Developer

Kolkata, India (Remote)

- Managed the **full project cycle for React Native apps** including design, development, testing, and deployment.
- Worked closely with clients to gather requirements and **convert them into practical app solutions**.

PROJECTS

Resnet QA [<https://mijanul.in/projects/2>]

February 2024 – March 2025

- Reduced application **size by 45 percent** through Hermes, Proguard, compressed images, and cleanup of unused dependencies.
- Implemented an **offline-first** approach so the app works reliably even with **poor or no internet connection**.

TATA Shaktee [<https://mijanul.in/projects/8>]

July 2024 – December 2024

- Implemented **multilingual support** for the website, improving **user engagement by 20 percent**.
- **Converted Figma designs** into a clean, working, responsive website that closely matched the original visual layout.

Readyhubb [<https://mijanul.in/projects/9>]

September 2021 – March 2022

- Improved **Google Maps Screen performance by 15%** by optimizing marker rendering and reducing unnecessary re-renders.
- Enhanced **overall energy efficiency** by caching repeated data instead of fetching it multiple times.

Hustler Unlimited [<https://mijanul.in/projects/14>]

March 2022 – August 2022

- Built the complete 4-step account creation flow, including the **Stripe payment** step for subscription activation.
- Implemented **infinite scrolling** for image and video lists to load more content smoothly as users scroll.

Hunuu Health [<https://mijanul.in/projects/1>]

February 2025 – August 2025

- Integrated secure authentication, deep linking, and push notifications to streamline user onboarding and re-engagement, ensuring smooth access across iOS and Android.
